

Weymouth & District Model Engineering Society

Affiliated to the Northern Association of Model Engineers

Application for Membership

I wish to apply for membership of the Weymouth & District Model Engineering Society and agree to abide by the rules and conditions (these are available for inspection at the Club Room, Budmouth College). I also agree to comply with any rules and conditions that are introduced by the Northern Association of Model Engineers of which this Society is a member.

Annual Subscriptions (which fall due on the 1st. October) are £20 for adults and £2 for juniors (14-18, see below).

Name.....

Address:.....

..... Postcode:

Telephone:

e-mail:

(As we send most day-to-day information by e-mail, an e-mail address would be most useful).

Please note that Members' contact details are only shared with fellow Members, and are for personal use only. If you do NOT wish to share your details in this way, please put an "X" in the box []

Chief area(s) of interest:

.....

Signed:

Junior Members only

Junior Members are defined as those aged over 14 but under 18. The signature of a parent or guardian is required as a condition of Junior membership.

Junior Members enjoy all the benefits of full membership and are encouraged to participate in the activities of the Society, within their capabilities. There is no formal engineering training provided but advice and assistance is willingly given and there is the opportunity to acquire new skills by looking and learning.

Safety instructions and guidance must be followed at all times. Please note that the Society does not provide protective clothing or personal safety equipment.

I, consent to my
son/daughter

.....

becoming a Member of the Weymouth & District Model Engineering Society. I further understand that I, or another adult nominated by me, will accompany him/her when attending Society meetings or events. I have read the Health and Safety notice below.

Signed:
parent/guardian

Health and Safety

The Society has a Safety Policy and has completed the necessary Risk Assessments. Copies of the Safety Policy, and the Society Rules, are available for all members to read in the Club Room."

Please note that some of the processes we undertake are potentially hazardous, (for example arc welding,) and it may be necessary to clear the area of people not directly engaged in the task.

Similarly, the machinery, equipment, materials and chemicals used may cause injury in inexperienced hands. If in doubt – ask
